Dear Sir:

In response to the Office Action dated June 23, 2003, the Applicant respectfully provides the following Remarks.

**Remarks**

In this Office Action, the Examiner indicated that the Reply filed by the Applicant on April 30, 2003 was not fully responsive to the previous Office Action, and required the Applicant to clarify the Applicant's species election by selecting one of the figures and to identify the claims that read on the elected species. The Applicant has done so below.

The Applicant appreciates the Examiner's recognition that the April 30th Reply was a *bona fide* attempt to respond to the previous Office Action, and also appreciated the opportunity to speak briefly with the Examiner several days after the present Office Action was mailed regarding how the Applicant could more appropriately respond to the present Office Action. In the April 30th Reply, claims 1-19 (Group I) were elected without traverse, and without prejudice to the filing of any divisional application(s).
